Hi! I'am Hridaya Shrestha

Full Stack Python Django Developer

+977 9825805154 ridaya350@gmail.com Porfolio GitHub

A Computer Science student who enjoys building web applications with Python and Django, and I'm eager to use my skills to create practical, real-world solutions while continuing to grow as a developer.

Experience

Web Development With Python Django | Dursikshya Education Network Private Limited | Onsite

2023-2025

Contributed almost two year by building and maintaining web apps with Python and Django. Developed RESTful APIs, optimized database queries, integrated third-party services, and collaborated using Git in an agile environment.

Frontend Development | Janaki Soft International Private Limited | Remote

2025

Contributed four months in frontend development by designing reusable website templates and components. Collaborated remotely with the team to deliver efficient, scalable, and user-friendly web solutions.

Data Entry Specialist | Sojho Job Private Limited | Hybrid

2026

Accurately managed IT candidate data, entered and updated resumes in databases, ensured proper formatting and keyword tagging, performed quality checks, supported recruiters, and maintained confidentiality to streamline recruitment workflows.
